- Chris Mathew, Inline Group COO

I swear I got more mileage from the money I spent with you than probably any money I've ever spent. I'm still using the tactics years later. Thanks again.

- Dave Lesh, Dale Dental

Tony has the unique ability to tailor his presentations, meetings, seminars, etc. to your specific needs, not what he perceives as being important to him or his agenda. He presents in a very easy manner to understand, gets people involved, and at the end of the session, you are VERY glad you attended. His tag line, Coach to the World's top CEOs, is apropos. **He is truly a Master at his craft, helping thousands of people over the years, as evidenced by his extensive list of clientele.**

- Alan R. Weiss, Chief Operating Officer, South Central Agencies,
New York Life Insurance Company

I am still reeling from my first session with Tony Jeary. What an amazing day it was and what an amazing person he is! **I don't think I have ever met anyone who was so intentional about the way he lives his life!**

– Erin Botsford, Author

Not sure what my expectations were, but I have to say that you and your team exceeded them in every way, shape and form. Your fast-paced, free-flowing, yet structured, no-BS approach, combined with keeping everyone focused on what we were there to accomplish, provided an excellent springboard for success going forward.

– Mike, President MSRI

Tony, you are a true Master. We have seen and worked with the best. You are now a permanent part of our team. Bottom line: We received extreme value from our first day together—**This was the best investment we have made in years.** Thank you for coaching!

– Keith and Sandi Cunningham, The Real "Rich Dad"

Tony was tasked with a very tight guidelines when asked to develop a day agenda for our engagement of Executive Leadership team. The result was excellent, engaging and enlightening. His approach and content was so compelling that even though there was hesitation to add additional actions to the leadership team's already full plates, his techniques left us hungry for more and we took actions ourselves to follow up on many of the things we learned. I would definitely recommend Tony for any high paced, high performing executive team. He makes the best team a great team!

– Mike Onystok, Chief Business Developer

I really appreciate your time and comments and for introducing us to Buz. Thank you! Once again, **you have demonstrated that you have a truly outstanding Rolodex** and you live up to your credo of action, execution and connecting your network. You always exceed expectations!

– Roman K, Venture Capitalist

Tony, you are by far the best facilitator I have ever been exposed to. Best return on investment of time. Bold, Efficient, Exciting! Strategic Acceleration says it all! Perfect branding of what you do and what I took away from the meeting. Strategic and Accelerated. No stones left unturned. Great job, Tony.

– Ray Greer, CEO, BNSF Logistics

Awesome! Team was very excited. Executed to perfection. Thank you for your leadership and facilitation. Your skill is unmatched. Worth every penny.
